

DELIVERING SUSTAINED VALUE FOR CUSTOMERS

With its robust, reliable and efficient steam turbine solutions, TTL delivers unmatched value to its customers globally. Its design, manufacturing and supply chain capabilities extend beyond quality products to encompass an exceptional range of spares & services, as well as refurbishment, thereby creating a holistic value proposition going beyond geographical and stakeholder boundaries.

Delivering value through extensive product range

Steam turbines up to 30 MW range

- Condensing Steam Turbines (Straight Condensing, Extraction Condensing, Bleed Condensing, Injection Condensing)
- Back Pressure Steam Turbines (Straight Back Pressure, Extraction Back Pressure, Bleed Back Pressure)

Steam turbines above 30 to 100 MW range (GE Triveni products)

- Condensing Steam Turbines (Uncontrolled Extraction, Controlled Extraction)
- Back Pressure Steam Turbines (Uncontrolled Extraction, Controlled Extraction)

Value-led services

The Company's value delivery goes beyond products and it has in place a comprehensive and customised service network to provide fast and reliable on-site services with short lead times. Its extensive O&M expertise enables it to deliver excellent and efficient solutions to help its customers maintain their products through sustained operational efficiencies at minimal cost.

Quick delivery of quality spares is another key value proposition offered by the Company to its customers.

Delivering value through manufacturing prowess

The Company has a world-class manufacturing facility designed to deliver products adhering to stringent global quality standards. Its manufacturing services are designed to deliver high-end quality to its customers, with engineered-to-order, innovative product designs. The products are evolved to function with an agility that ensures high levels of efficiencies and the robustness to withstand fluctuating and rough conditions.

Value-driven partnership

TTL's subsidiary company, GE Triveni Limited (GETL), is a joint venture with General Electric, which has helped expand the organisation's value compass across new frontiers of growth. GETL designs, supplies and services steam turbines above 30 MW to 100 MW generating capacity. Benchmarked to international standards, the turbines are marketed globally under the "GE Triveni" brand.

With customers at the core of its business philosophy, TTL is continuously scaling up its engagement with clients to ensure enhanced value delivery in the form of quality products and improved service.
